

TECH TIP: Connecting to Your Audio System

Your player supports two SiriusXM music zones. This means you can play two different SiriusXM music channels in different parts of your business at the same time! Each zone requires its own SiriusXM subscription. The player splits the audio output into two audio inputs. Zone A plays through the white RCA connector and Zone B plays through the red RCA connector. You must use the USB adapter to connect your audio cable.

SUPPORT

For user videos and support documentation, visit us on the web or call to speak to a music professional.

Quick Start Guide

SiriusXM Internet for Business Music Player

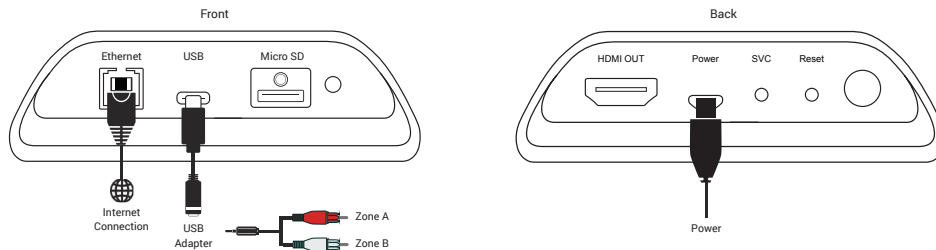

Included in Package:

- | | |
|-----------------------------------|------------------------------|
| (1) BrightSign LS423 Media Player | (1) 3.5mm to RCA Audio Cable |
| (1) Micro SD Card | (1) RJ45 Ethernet Cable |
| (1) Power Adapter | (1) Quick Start Guide |
| (1) USB Audio Adapter | (1) SiriusXM Window Decal |

STEP 1: Insert the Provided Micro SD Card Into the Front of Your Player in the Micro SD Card Slot

STEP 2: Get Your Player Connected

1. Connect to your network using the provided Ethernet cable. The network must be connected to the internet.
2. Connect to power using the provided power adapter, USB cable and power plug.
3. Connect to your audio system using the provided USB adapter and audio cable.

STEP 3: Subscribe to SiriusXM

Skip this step if you already have a SiriusXM business streaming username and password.

1. Visit www.SiriusXM.com/BusinessActivate and complete the signup process.
2. The system will provide you with login credentials (username and password) to sign into the SiriusXM service. You will use your SiriusXM credentials in Step 5.

STEP 4: Create Your Portal Account

The portal is where you manage and control your player. This login is separate from the SiriusXM credentials that you received in Step 3.

1. Visit <http://Business.SiriusXM.com> to access the SiriusXM portal.
2. Login to your Portal Account. If this is your first time to the site, click **“Set Up New Account”** to create your Portal Account.

STEP 5: Add Your Player to the Portal

1. Once you are logged in to the portal, click **“Add Player”** and complete all of the fields.
2. Click **“Activate”** and enter the SiriusXM username and password you received in Step 3. Click **“Save.”** Your music will begin playing in 2 to 5 minutes!
